

## Town Board Meeting *Highlights*

March 13<sup>th</sup>, 2019 7pm meeting

Board approves the purchase of a 2012 Western Star 10-wheeler dump truck with approximately 67k miles from the Town of Eaton, NY. *Similar to the picture at right.*

The request to replace some of the town's existing equipment was documented in the *September 12<sup>th</sup>, 2018 Minutes* where The Highway Superintendent catalogued various truck and equipment breakdowns. He further discussed replacement options of various trucks, and equipment, as some of it was reaching the end of its usefulness. This began the process which brought the board to the decisions that were made this month. [Replaced equipment to be sent to auction].

Sealed bids were accepted by the board to purchase a newer-used tractor-mower. One bid came in. This bid was accepted by the board and awarded to an individual in Middlebury, CT. [2005 John Deere with side Flail similar to picture at right.]

Town Highway Superintendent presented his **tentative 284 Agreement** to the board for the 2019 plan:

The 284 Agreement for the Expenditure of Highway Moneys, must be filled out, signed, and filed before moneys are spent on Town Highways as a minimum, the agreement can be modified as needed throughout the year.

Board approves the purchase of a brand new John Deere Grader *similar to picture at right*. Existing John Deere Grader to be sold to the Town of Middlesex, NY for \$225,000.
